

As one of TheNewswire.ca's first users upon its inception in 2006, I've witnessed first-hand the steady growth of the company in both service and distribution.

Initially attracted by TNW's cost-savings, I've been impressed with the successful efforts of TheNewswire.ca to legitimately match the full distribution of the country's two long-standing incumbents, Canada Newswire and MarketWire.

Over the course of the past three years, as an Investor Relations professional, I've utilized TNW as a timely disclosure disseminator for four of my clients and have been extremely happy with the service and of course, their annual flat-rate pricing.

Service has been second-to-none and overall their fees have saved my clients thousands of dollars.

Sincerely,
