

***Achtung!* Frankfurt-Listed Clients: TheNewswire.ca Now Offers European Dissemination!**

As a result of overwhelming demand from co-listed Canadian and Frankfurt-listed companies, TNW has forged a formal alliance with IRW-PRESS, the largest provider of news release translation and dissemination in the German-speaking region!

There is a tremendous appetite for Canadian small cap opportunities (*particularly within the Mining, Oil & Gas and Resource sectors*) and with an increasing number of our clients co-listing on Frankfurt, TNW decided to act immediately to assist our clients in taking advantage and accessing this massive European market.

TheNewswire.ca has negotiated the greatest possible price-point and we strongly urge all of our clients to utilize the thousands of dollars you already save as a result of our North American *Unlimited Annual Flat Rate* to begin tapping into this unparalleled dissemination opportunity!

Advantages of this new and exclusive TNW / IRW-PRESS Package Include:

- ✓ *The German-speaking region is made up of Germany, Austria and Switzerland (DACH-Germany, A-Austria, CH-Switzerland)*
- ✓ *These three countries are among the 10 richest in the world with about 100 million inhabitants*
- ✓ *DACH represents a significant part of the financial community. Germany and Austria are home to many wealthy investors while Switzerland hosts a large number of institutions and banks*

Dissemination Fees and timelines:

TNW has negotiated an unprecedented “Pay-Per-Release” (OAC) program that allows for Full German-Speaking Region Distribution for just;

- **€350 = \$425 CDN** (*Dependent upon that day’s currency exchange rate*). **Per Press Release** (*Package Discounts also available – please ask for details).
- This **INCLUDES** translation (*please allow 24-hours advance notice prior to dissemination*).

TNW considers this a tremendous opportunity for all existing and potential new clients and we greatly look forward to extending our distribution - and **YOUR News** - across the Atlantic!

Sincerely,
